

## Notes from IT: Why You Need Software to Protect You from Cyber Attacks

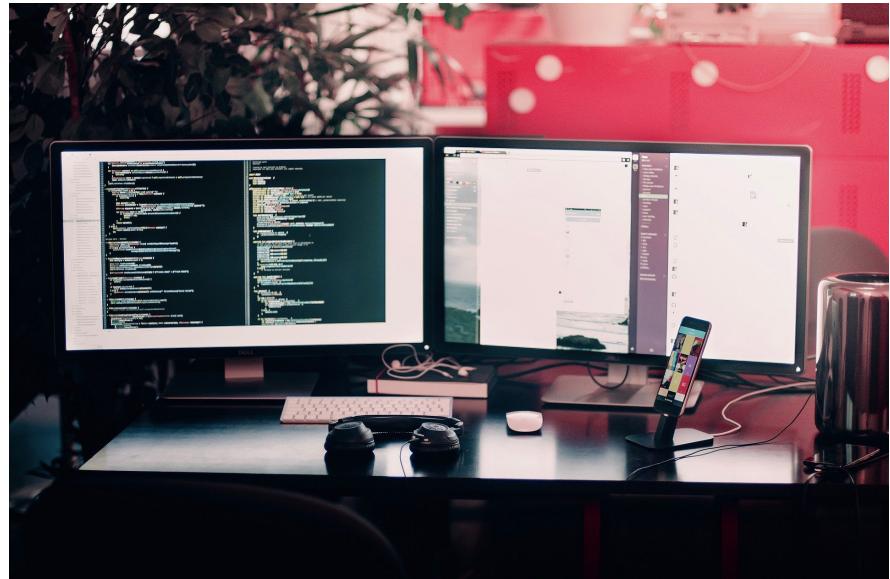

Approximately 350,000 new pieces of malware are registered every day. Antivirus software will scan your devices for viruses, malware, and other cyber threats. If the software detects anything malicious, it will quarantine and remove the file.

We use Webroot and Malwarebytes as protection for our computers on our Oconee County network. These programs run in the middle of the night to scan your computer. This is one reason why we ask you to leave your computers turned on all the time.

You can run Webroot to scan your computer anytime you want. From your task bar, open your hidden icons (far right side of task bar), right click on the Webroot icon and select scan.

Thank you for working with IT to keep our computers and network safe!

Paula Nedza  
Information Technology Director

# Employment Anniversaries

Congratulations to everyone on our team celebrating another year of service to the residents of Oconee County! Thank you for making our organization an outstanding place to work and for your dedication to our community! We appreciate all that you do!

## Around the County

### Costco is Coming to Oconee

A new shopping destination will be coming to the Epps Bridge area, as Costco begins construction on a 155,146-square-foot store at 5550 Parkway Boulevard that is scheduled to open in mid 2022.

“We are excited to be able to bring such desirable shopping choices to the residents of Oconee County and the surrounding areas,” said John Daniell, Chair of the Oconee County Board of Commissioners. “Oconee County is a premier regional commercial and retail hub, and Costco will be a great addition to our mix of offerings. This new Costco will generate quality employment opportunities and revenue for years to come.”

“We are excited to be joining the Oconee community,” shared a Costco spokesperson. “Many individuals in this community, over the course of many years, played a pivotal role in helping us get to this point. We would like to thank everyone for the opportunity and look forward to a long and successful partnership in Oconee County.”

### Eagle Tavern Repairs Complete

The newly-restored Eagle Tavern Museum will soon be open to the public again. The Museum was closed for renovations and repairs to the historic structure, including repairs to the foundation.

# Employee Birthdays

Happy Birthday to everyone in the Oconee County Government Family celebrating a birthday this month! You have our best wishes for a wonderful day, and we hope it's the start of a fantastic year!
