

## Water Resources Recognized for Excellence with Two Georgia Association of Water Professionals Awards

The Oconee County Water Resources Department recently earned the 2021 Georgia Association of Water Professionals (GAWP) **Gold Distribution System Excellence Award** for its water system and the **Gold Wastewater Collection System Excellence Award** for its sewer system.

The Gold Distribution System Excellence Award recognizes outstanding performance in Management, Operations & Maintenance, Program Management, and Planning. Oconee County Water Resources earned the award following an extensive audit in the areas of maps and records, metering, field sampling, system design and material standards, maintenance procedures, disinfection procedures, cross-connection control, water loss, finished water storage, pumping facilities, regulatory review, records retention, water quality monitoring plans and facilities, administrative procedures/polices, master planning, funding, communications, and staffing. The Gold Wastewater Collection System Excellence Award was bestowed as a result of the department achieving industry standards for capacity, management, operation, and maintenance following a system-wide audit.

Congratulations to the entire Water Resources Department staff on this major achievement! Thank you for continuing to go above and beyond in service to our residents!

# Employment Anniversaries

Congratulations to everyone on our team celebrating another year of service to the residents of Oconee County! Thank you for making our organization an outstanding place to work and for your dedication to our community! We appreciate all that you do!
