Notes from IT Beware of QR Code Scams

Just when you thought that QR codes (those funny-looking images that store a lot of information on items) were safe....

Well, now the bad guys have figured out a way to steal your identity. QR codes were intended to be the safe alternative for “no contact” ordering, payment, and delivery, but some are just a scam. You may have noticed restaurants using them for their menus, and these uses are more than likely safe.

In Texas, however, there have been fraudulent QR codes placed on parking meters used as pay stations. These QR codes send the user of the device to a website that asks for their personal information for the gain of cyber criminals.

The FBI has issued a PSA on malicious QR codes. It suggests several tips on protecting yourself from these cyber crimes, including avoiding payment on any site linked to a QR code: <https://www.ic3.gov/Media/Y2022/PSA220118>.

Around the County

Administrative Building

Architectural plans are being finalized for the new Oconee County Administrative Building, which has an anticipated completion date of Spring/Summer 2023.

The 44,000-square-foot building will house the non-judicial government functions currently located in the Oconee County Courthouse and the Oconee County Annex. Consolidation of these departments and offices in one location will provide for increased efficiency and provide true one-stop shopping for customers. The site, located across from Fire Station 1, enjoys multiple road frontages that will be easily accessible by residents in all areas of the county.

Employee Intranet

Have you checked out the Employee Intranet on the county website? With your CivicPlus account, you can find county policies, health insurance & wellness info, useful forms, and photos from employee events. If you need access to the Employee Intranet, email oconeeconnects@oconee.ga.us, and we will get you set up ASAP!

Visit www.oconeecounty.com/intranet or find “Employee Intranet” under the “Departments” drop-down menu on the website. You must be logged in with an account that has employee permission to view this page. Check it out and let us know what you think!
