**Subject:** GAC 2020 data for annual report

Amy,

Again, this program was impacted by the Covid pandemic. It was postponed from the normal first day of Spring-first day of Summer until the Fall.

For the middle of September to the middle of October we held, pandemic style, events including our monthly Dirty Dozen Road Cleanup, Invasive Removal at Heritage Park, our 3<sup>rd</sup> Annual Trashy River Float and continued our ramped up social media educational posts related to Litter/Cleanups/Environmental impacts.

Our community has continued to step up with both Adopt a Mile and individuals road cleanups. Our schools/clubs also conducted road cleanups to meet their community service hours. Attached is our Great American Cleanup Wrap Up Report filed with Keep America Beautiful.

KAB has announced, knowing what we do, that GAC will be held from March 20(first day of Spring)-June 20(last day before the first day of Summer) for 2021.

Cindy
